

American Ride

It's all about catchy tunes and the twangy guitars.

Inspired by musicians like Blake Shelton, Chris Stapleton and Brad Paisley, American Ride is playing their own Nordic style of the New Nashville Country genre.

Some time ago after watching a great concert with an American country superstar, father and son, Ole and Christian, decided to make a new Danish country band. Luckily three other cowboys were looking for hire and joined them in their American Ride.

Here a few years later, the band is now working on their debut album, which to be released in the early 2019. An album with songs about the three things in life – Love, drinks and more love.

Imagine driving in your pickup truck towards the sundown. One arm around your woman, one hand on the wheel and an ice cold beer in the cup holder – That's the American Ride.

The band is:

Christian Odde - Vocal & guitar

Ole Odde – Drums & Vocal

Hans-Henrik Hulgaard – Bass

Torben Holther Olesen – Guitar

Søren Dahl-Pedersen – Keyboards & Vocal
